Subject: Information Request Letter, Docket No. 013-308-16, Request for Time Extension.

Dear Mr. Moylan:

The U.S. Environmental Protection Agency ("EPA") is in receipt of the City of Worcester's (the "City's") letter dated June 26, 2013 related to the above referenced Information Request. The Information Request letter required the City to provide a full response to EPA within 45 days of receipt, which would be by August 10, 2013. In its June 26th letter, the City has requested a total of 120 days to respond.

Subsequent to receipt of the City's June 26th letter, Doug Koopman of my office spoke with Matthew Labovites and Philip Guerin from your staff on July 31st, and worked out a schedule for the City to provide a response to the Information Request.

The information requested in Paragraphs 4,5,6,7,8,9,14,15,16,18 and 20 shall be submitted by August 25, 2013.

The information requested in Paragraphs 1,2,3,10,11,12,13,17,19 and 21 shall be submitted by September 24, 2013.

We appreciate the City working with EPA to come up with this mutually agreed upon schedule for providing its response to EPA. If you have any questions concerning this letter, please contact Douglas Koopman (617) 918-1747 of the Water Technical Unit.

Sincerely,

Susan Studlien, acting for
